Meet San Francisco Today!

A Progressive, Growing "Crossroads of the World"

***YOU KNOW SAN FRANCISCO** as a city of fascination . . . of zestful living . . . of gay activity. You think of San Francisco as a place known and loved around the world for her charms — and you're right! . . . **BUT DO YOU KNOW** that your City by the Golden Gate is also fast becoming fixed in people's minds throughout the world as a crossroads of commerce . . . a modern giant of industry and progress? No? . . . Well, meet San Francisco today.*

BUSINESS IS BOOMING

San Francisco's business activity last year reached the highest level ever recorded. The volume of general business activity during past 5 years has increased 26%. Retail store sales at $1.8 billion in 1953 broke all previous records.

Rank: Among the 20 largest cities in the nation, San Francisco last year ranked—FIRST in the amount of money individuals had available to spend; SIXTH in merchant wholesaler sales; ELEVENTH in retail store sales.

DOMESTIC TRADE

Concentrated in San Francisco are tremendous regional supply bases: The City sells more than twice the amount of goods at wholesale per capita than any other major city in California.

Over $4 billion in goods are sold annually by San Francisco's 4,000 wholesalers.

1,600 branch offices of national and regional firms make this city the largest branch center in the entire West.

POPULATION—EMPLOYMENT

San Francisco's population is now 801,000—a gain of 25,600 since 1950. This gain alone is more than the size of the average American city!

Estimated civilian employment in the San Francisco metropolitan area in 1953 attained a new all-time high annual average of 1,027,600 persons.

INDUSTRIAL DEVELOPMENT

San Francisco is the pulse of a great industrial body (the 12-county Bay Region) which fashions products for the world—products that find passage through The City as through a giant funnel. And San Francisco sets the pace with an effective industrial machine of its own:

Manufacturing has grown to an annual value added by manufacture estimated at about $719 million in 1953 from $410,326,000.

New industry and expansion of existing industry last year hit an all-time high in the Bay Region with over $259 million committed.

In San Francisco alone, $17,180,150 was invested in 63 projects.

First on the Pacific Coast!

San Francisco, gateway to the Pacific and key to the Western States, is outstanding on the Pacific Coast, ranking . . .

FIRST in waterborne commerce.

FIRST as a financial center and security market.

FIRST as a market and distribution center.

FIRST in economy of distribution costs to the western market.

FIRST as a branch office center for national and regional firms.

FIRST as a communication center.

FIRST in per capita income and buying power.

FIRST in the amount of wholesale sales per capita.

AN ACTIVE PORT

An average of one ship an hour passes under the Golden Gate Bridge—day in and out, month in and out.

San Francisco Bay is foremost in tonnage (44 million tons) of waterborne commerce among Pacific Coast ports.

Seventy shipping lines regularly use this port, contacting at least 300 of the world's ports.

Millions of dollars are currently being spent on San Francisco's port improvement program!

THE "HEADQUARTERS CITY"

San Francisco is the home office for the world's largest bank, the world's largest gas and electric utility, the second largest railroad in the world and the third largest oil producer in the nation.

The 30 largest businesses with national headquarters in San Francisco have assets of nearly $26 billion.

San Francisco is the home office for some of the largest food, insurance, shipping, paper, banking and railroad firms in the nation.

San Francisco is on the March! Meet San Francisco Today, through the

can you afford to *fly blind?*

These days, you've got to know where you're going . . . and where you've been. That goes for sales as well as history. For straight-away flight, wise business pilots depend on Polk New Car Sales Reports—to guide their entire sales picture.

Polk reports are based on official new car registrations. These facts are mighty useful in governing sales of replacement parts, predetermining the volume of service parts and accessories, establishing sales quotas and seeing to it you are getting your share of the market. Reports are available by county, state and nation; by makes; by price classes and by other valuable breakdowns. Write or wire for prices and types of reports today. You need these guiding facts everyday.

CAUTION . . . . . .

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

CAPITAL—FOR THE GROWING WEST

The continuing industrial expansion in the Western states has resulted in an ever-increasing need for the private capital of thousands of large and small investors to build factories and to develop markets for a growing list of products. Blyth & Co., Inc., underwriters and distributors of securities nationwide has, since 1914, played an important role in helping to supply the funds needed for this unprecedented expansion.

Listed below are some of the Western corporations which Blyth & Co., Inc. has helped finance, either as manager or joint manager of the underwriting or distributing syndicates, through the private or public sale of common stocks, preferred stocks or bonds.

Names Appearing in Black Letters

IN THIS DIRECTORY are the names of those people who ACCOMPLISH THINGS and are entitled to favorable consideration, if for no other reason than their public-spirited support of measures which make for progress. They represent that ENERGY AND PUSH so essential to the commercial prosperity of the City, and in dealing with them no mistake will be made. The publishers are honored in thus making them better known to the public.

Marines' Memorial Club

HISTORY OF THE MARINES' CLUB

HERE IN THE VERY HEART OF SAN FRANCISCO'S business section stands the only memorial of its kind in the world. The Marines' Memorial Club, **"Crossroads of the Corps,"** is a million dollar living tribute to the Leathernecks who gave everything that those of us who remain may have something. Here any Marine from any war, regardless of rank or creed may enjoy the luxury of a swank downtown social club with its dining rooms, lounges, weekly dances, swimming pool, library, 115 hotel rooms and the Skyroom overlooking San Francisco Bay; he may enjoy all facilities, entertain guests, and there are no membership fees, dues or assessments.

Unusual, too, is the fact that every dime towards the purchase of this 12-story building and its furnishings came from the Marines themselves. Individually every Marine who saw service in World War II contributed his part through his purchases at his Marine Post Exchange.

★

THIS CLUB IS FOR ALL MARINES, officers and enlisted; former (honorably discharged) Marines; and the families and friends of Marines and former Marines. Associate memberships are available for hospital corpsmen and for veterans of other services who have served with Marines in time of war.

★

"A tribute to those Marines who have gone before, and a service to those who carry on."

★

Names Appearing in Black Letters

IN THIS DIRECTORY are the names of those people who ACCOMPLISH THINGS and are entitled to favorable consideration, if for no other reason than their public-spirited support of measures, which make for progress. They represent that ENERGY AND PUSH so essential to the commercial prosperity of the City, and in dealing with them no mistake will be made. The publishers are honored in thus making them better known to the public.

Nobody.

He's there because he wants a newspaper and this particular one does the best available job of amusing and informing him. He chooses his paper from preference via experience -- then he reads it.

That's important. One man buys a paper for its sports coverage, or for the job of covering national news it does; another looks for the biggest want ad section or Dagwood and Blondie.

Every reader sets his own requirements.

When more people buy one newspaper than any other -- and buy it consistently, that newspaper is doing the best job all around of putting what local people want into its pages.

Only the most complete, most interesting paper gets the lion's share of readers.

In San Francisco and the Bay Area, more people have bought one paper than any other every year for 65 years.

THE EXAMINER

FIRST for over 65 years

San Francisco's COMPLETE Newspaper

The NEWS

is San Francisco's Leading HOME NEWSpaper

1. Editorial

The News is designed for clear, thorough reporting and balanced views. It considers community service a public trust and keeps faith with its city by publishing the news honestly, soberly and concisely.

2. Circulation

As The News is edited as a family newspaper so its circulation is delivered *to the home.* The News is the only San Francisco newspaper reporting its home-delivered circulation.

3. Advertising

Because The News sells to a family market, advertisers find it a productive medium. The News reaches more persons per reader family than any other San Francisco daily newspaper.

RCA LEADS THE WAY

in foreign communications

RCA Automatic tape relay method cuts manual handlings, insures speedy, accurate transmission

ONLY RCA offers you the speed and reliability of over 80 direct circuits to more than 66 foreign countries—PLUS the most modern development in the international communications field, AUTOMATIC TAPE TRANSMISSION, pioneered by RCA!

Because it IS automatic from origin to destination, manual reprocessing is unnecessary, and fewer eyes see your message, fewer hands touch it. Thus, delays and errors due to the human element are all but eliminated. Your message gets there FAST and gets there RIGHT—anywhere in the world—when you send it "VIA RCA"!

CAUTION . . . .

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

The Clemco remote control valve is a new development in abrasive control for sandblasting systems. It provides the blaster with complete "on" and "off" control of both the air and abrasive supplies from his station at the nozzle.

In many instances it eliminates the necessity of having a tender at the machine—it provides maximum safety for blasters working in confined areas such as within tank cars or ships tanks, where the instantaneous and automatic shut off feature eliminates the necessity of depending on a tender outside the tank to shut the abrasive off or on.

Check with Clemco for additional information on this practical, money-saving control valve.

POLK NEW CAR and TRUCK REGISTRATION REPORTS

Keep a weather eye on the industry of which YOU are a part

Know **how many** new cars are being sold each month—**where**—and **when.** Use facts to determine sales quotas, to gauge service potentials, to plan profitable manufacturing programs. Use POLK NEW CAR AND TRUCK SALES REPORTS, compiled from official license registrations. Now greatly expanded in usefulness, they give sales totals **by makes, by models, by states, by price classes,** compared with previous year's sales. Know... at all times... your market potentials. Write for details on this new, comprehensive service.

R. L. POLK & CO. *Serving the automotive industry and its dealers since 1923*

MOTOR STATISTICAL DIVISION—431 HOWARD STREET, DETROIT 31, MICHIGAN

Ask the Man Who Hasn't Got One!

Ask any alert manufacturer or dealer outside the automotive field what he would give for the kind of information you get from the Polk official car owners registration list. He'll tell you he would gladly pay many times what the Polk list costs.

The registration list permits you to concentrate your retail selling effort on those people most likely to be buyers.

Don't let the usefulness of *your* registration list be impaired by neglect. Keep it up to date.

And use it! It's the greatest sales help at your command.

A STATEMENT OF ADVERTISING PRINCIPLES

1. Good Advertising ~ aims to inform the consumer and help him to buy more intelligently.

2. Good Advertising ~ tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.

3. Good Advertising ~ conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.

4. Good Advertising ~ recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
